TITLE RATES

HIGHLIGHTS

All title insurance rates in Texas are promulgated and determined by the Texas Department of Insurance. Occasionally, the department issues a rate change after considering multiple factors such as real estate prices. As a result of these considerations, the

department determined that there will be an overall rate decrease of 4.9% on promulgated title insurance rates in Texas. These changes will go into effect on September 1, 2019.

As well as the rate decrease, there will be changes to recognize efficiencies in refinance transactions. Rate Rule R-8 simplifies the prior loan policy credit into two categories, 50% and 25%, and expands eligibility of prior loans to qualify for the credit from seven years to eight years.

Age of Existing Loan Policy (in Years)	Current Reduction to the Basic Premium	New Reduction to the Basic Premium
0-2	40%	50%
3	35%	
4	30%	
5	25%	25%
6	20%	
7	15%	
8	None	

Additionally, the minimum policy liability face amount will increase from \$10,000 to \$25,000 to better reflect the current real estate market.

This information only covers a portion of the Texas Promulgated Rate System changes. Please refer directly to the Texas Department of Insurance for full rate change coverage.
